RE: Declaration of compliance of our products with EU Directives n° 1907/2006 (REACH Regulation) and n° 65/2011 (ROhS II Directive), updated by Commission Delgated Directive 2015/863/eu, amending Annex II to Directive 2011/65/eu, with subsequent modifications and updates.

We hereby declare that all our products – supplied and to be supplied – are compliant with the above mentioned Directives, that is to say none of the substances listed in the above regulations are present in our products.

Such compliance is assured by our suppliers by continuously updating the Directives and by promptly notifying us of the presence of any substances to be declared.

Thanks to the above mentioned compliance control activities, our customers can hold the products bought and to be bought from our company fully compliant with the above mentioned EU Directives and with any modifications and updates, unless they receive written notification from us to the contrary.

Kind regards,
